

## Librarian's Report 4/4/16

- Met with Celeste Aureorean, she is interested in taking over the landscaping tasks for this year with a possibility that library staff person (Jenni Kitchen) will assist. Will be making a request for Friends support.
- Completed annual report for the State Library - circulation and visitation statistics show a slight drop, website visits and wireless use is up.
- The push is on to solicit sponsors for the 2016 Mancos Half Marathon - If you have a contact at a local business that you think would be a candidate and you would be willing to ask them, please let Shaine, Dana or me know.
- Finalizing message and talking points for the Mill Levy campaign with the Board, will be distributing to Friends at the next (May) meeting.
- Procured a used display from the City of Farmington through a public auction for \$25. Was hoping to use for children's magazines, but it is too big.
- Peter Eppard has offered to repair the chairs that were damaged over the course of the last few years, if we purchased the supplies. Picked up redwood & stain from Home Depot last week, he will work on them as he has time.
- Shaine is working on an April appeal letter, most will be sent out via email and a few targeted individuals (people who have given in the past & larger donors).
