

Low-Sugar Almond Oatmeal Cookies

(like peanut butter cookies)

Submitted by Peggy Littlejohn

Ingredients:

All ingredients at room temperature.

2 sticks butter

1-1/2 c. flour

1/3 c. brown sugar

2/3 c. white sugar

2 t. vanilla

1 c. chunky almond butter

2 eggs

1-1/3 oatmeal

1/2 t. baking soda

1/2 t. baking powder

1 t. salt

1 c. chopped roasted almonds

Preheat oven to 350 F. Mix together butter, almond butter, sugars, vanilla, and eggs. Whisk dry ingredients (except almonds) in separate bowl. Add to wet mixture slowly. Add chopped almonds. (1 or 2 Tbsp. nut oil can be added if dough is too stiff.) Make a test cookie. Bake on ungreased cookie sheet for 13-15 minutes until edges are browned and JUST firm in center.
